Premium Awning Solutions

Prabha Engineering: Legacy Meets Innovation

Founded in 1958 by Late Shri Yeshwant N. Chaphekar, Prabha Engineering has grown into a leading manufacturer of Wiper and Windshield Washer Systems, serving brands like Tata Motors and Ashok Leyland, KIA, Morris Garage Mahindra and Hyundai.

With a trusted legacy, advanced technology, and a global alliance with DY Auto, we're proud to introduce a groundbreaking new product that sets new industry benchmarks.

Why choose Awnext by Prabha?

First PAN India Awning Brand

We're not just pioneers; we're pioneers of convenience. Prabha Engineering is the first PAN India OEM for Awnings, making our solutions accessible nationwide.

01

Luxury, Reimagined. Affordable Price.

Elevate your space without breaking the bank. Our electric awnings offer premium features at a manual price, combining luxury and affordability.

02

Rich Fabrics, Smart Prices

Our fabrics are as stylish as they are durable. They're designed to withstand harsh weather, ensuring your awning looks great year-round.

03

Your Space, Your Style

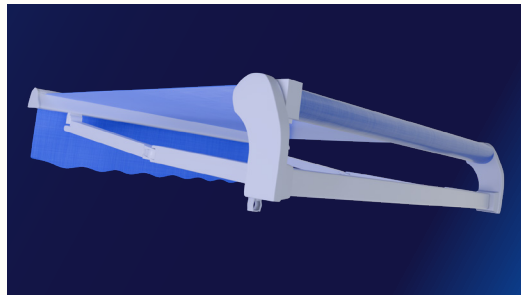

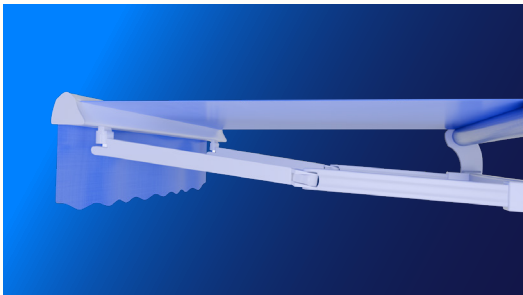

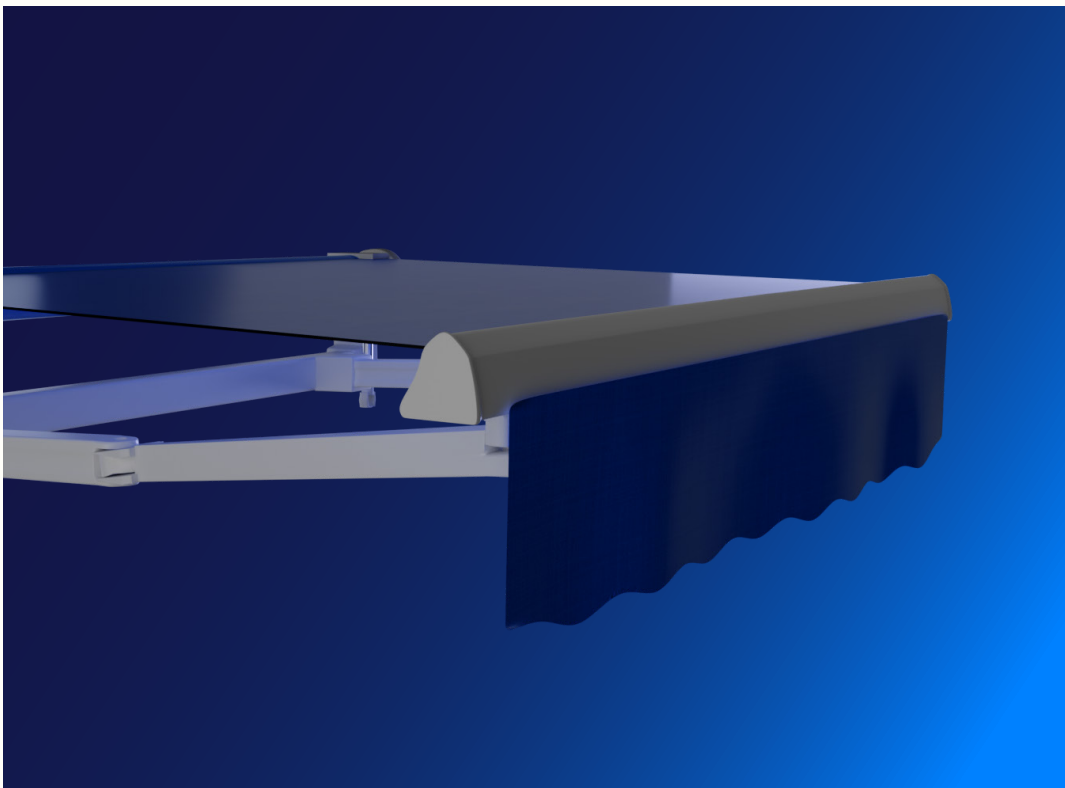

Our awnings are customizable to fit your exact needs. Easy installation means you can enjoy your outdoor space faster.

04

60 Years of Excellence

With over 60 years of experience, Prabha Engineering is a name you can trust. Our commitment to quality and customer satisfaction is unmatched.

05

Fabric Advantages

Our Polyester Fabric is the perfect choice for awnings in India, offering durability, adaptability, and sustainability to meet the demands of the country’s challenging and varied climate.

Lightweight

Our Polyester fabric is easy to transport and install, making it ideal for quick setups across India.

Durable

Designed to withstand India’s diverse climate, it offers excellent tear and weather resistance, from heavy rains to scorching heat.

UV Protection

Treated to block harmful UV rays, our fabric ensures superior sun protection.

Flexible

Perfect for printing and vibrant designs, our fabric combines functionality with style.

Weather Resistant

Maintains stability and performance under India’s challenging weather conditions, ensuring year-round reliability.

Eco-Friendly

Recyclable and non-toxic, it’s a sustainable choice for environmentally conscious customers.
